

**OU BME podcast**

*Introduction to the OU BME podcast by Katherine Jegede*

**Katherine Jegede:**

The BME Network Podcast is a wide-ranging topical discussion, news bulletin, and features podcast led by the lived and worked experiences of BME staff and students of the OU. And we hope that you'll join us here to share those experiences with us.

I'm Katherine Jegede, your host. Our producer is Claudia Torres. And we'll be in conversation with OU researchers, leaders, management, support staff, and student talent, discussing the issues and themes that matter most to the BME community.

Now, whether you're a part of the BME community itself or not, please feel free to get in touch with your ideas. We'd love to hear from you if you'd like to be featured or interviewed. And you can reach me via my email address in the blurb below.

We look forward to welcoming you to our first conversation and hope that you'll stay with us here on the BME Network Podcast. Until then, stay awesome.
