Laskavo prosimo! Welcome!

This course is for anyone who wants to know more about Ukrainian culture.

The course covers the history of Ukraine, including the build-up to the Russian invasions in 2014 and 2022 and the resistance of the Ukrainian people. You will learn how others show their solidarity with Ukraine on a global scale.

You will listen to audio recordings of a Ukrainian native speaker, to help you with pronunciation and compare yours with model answers. The language is explained in English, as audio and in writing so you can learn on the go.

There are interactive online activities so you can learn some basic grammar and the Ukrainian alphabet.

You will be supported in your learning by language experts and be able to support fellow students in your learning journey.
