From Rio I managed to come out with two golds and a bronze which is absolutely incredible. Now, I'm feeling very, very proud and we can come home, the teams should to be very, very happy.

LOUIS SMITH: We've managed to qualify the team in the team final and finished fourth. Personally, I managed to pick the silver in the pommel horse final. It's been an incredible journey; it's been incredible competition and I'm very happy.

MAX WHITLOCK: There's a massive thank you to everybody whose support has been incredible. We've really felt it on social media. Just thank you so much. You've helped us do what we do and make us perform the way we performed.

LOUIS SMITH: I want to say a special thank you to all the GB guys that we train with. Without them we wouldn't be as good as what we are. Everyone pushes each other and they supported us all the way. So, thank you guys.

The weirdest thing I've probably seen, which isn't weird, but I saw a truck driving along the outskirts of the Olympic Village and it looked like it was on fire but it turned out at this giant mosquito smoke blower out the back of it and it was pumping out all this mosquito repellent. But I had a little panic and I thought that was something funky going on in this truck on fire.

MAX WHITLOCK: One that was attained in Beijing, starting off our medal [INAUDIBLE], was incredible. I'm a big believer success breeds success. So, he got the ball rolling for all of us and I believe, made us believe what's really possible.

LOUIS SMITH: Max's performance out here in Rio is absolutely incredible. It's easy to see why kids are seeing him as inspirational and hopefully there are some kids out there that could follow in his footsteps.
