

Bon depart: beginner's French

Album introduction

Voiceover:

Want to learn the basics in French? The 18 audios in the album are devised for beginner learners of French and include a series of short conversations in which you will hear people greeting each other, asking how to get somewhere, asking who someone is, buying things, ordering breakfast in a café and talking about what they eat for breakfast, booking a hotel room, and using numbers and letters. There is also a track to help with pronunciation. This material forms part of the course L192 Bon depart: beginner's French.
